

Pretty, Pretty Star

Billy Corgan

Wind a spire survey the hours I'm secrets, secrets
Spillin' on the floor
Find a love a just because I need you so much
Beggin' till I'm poor
Wanting so much more this hurts kid
Strangers find the eyes just the same Every time I start reachin' out to find you
Loneliness abounds
Pretty, pretty star, only you remind me
Only you can find me, in you
In all I choose Wait remind my life is mine so many travelers
Carry past the word, flowers jake the sun afraid
I'm blinkin' softly wishin' on your name
Wonderin' who to blame next
Low this crawlin' towards the door, just the same Every time I start reachin' out to find you
Loneliness abounds
Pretty, pretty star, only you remind me
That only love can blind Every time I start, emptiness confounds me
Loneliness astounds me
Pretty, pretty star
It's me and you in all I choose Show me there's no other
Tell me, I'm your lover
Make me wonder who you are to stay
Finish what you started
Vanquish your departed
Others wiltin' in the shade Can I ask where you are tonight?
Do you know where I am right now?
Pretty, pretty star, emptiness surrounds me
Loneliness confounds
Pretty, pretty star only you remind me
That only love can find, in you
