

You're Mine (The Chase)

[Meiko](#)

Every time I think of you,
my body, it sends me chills
I do it all for you, love
I do it for the thrill I toss and I turn, babe
I won't let you get away
I watch and I learn, babe
Every move you make You're mine, you're mine
I won't let you run from me this time
You're mine We give it all I got
but you're begging me for more
all it took was one shot
now you're down on the floor You toss and you turn
but you like where you lay
I keep what I earned
and I like it this way You're mine, you're mine
I won't let you run from me this time
You're mine
you're mine Bang bang, I got you now
Bang bang, I got you now
Bang bang, I got you now
Bang bang You're mine, you're mine
