IM seeing hell a mummies
as I look to ma left
I'm seeing hell a mmummies
As I look to ma right
I'm like which one this one
I don't have a clue
pick one ditch one
I just gotta choose
ngzomele ngdlal (pikipiki mabelanÃ—4)
mamie got a snap back magic
hanging with the thugs but i know she ain't ratchet
looking so good but damn she a bad chic
