Sick i'm walking.
tick. Im talking.
Down the street and Im sick
Of the talk of the trick thats every time we meet
But.
Oh, I dont know why. Oh, I don't know why.
Blinking, thinking somethings moving 'cross my skin
And I scratch the spot, I watch the dot, thats on the lens but
Oh, I dont know why. Oh, I don't know why.Somethings closing in and I cant do a thing.
No, I cant do a thing but wonder.He said Im crazy, I know.
He said Im crazy, I know.
All I can say is that the drugs dont work no more.
(x4)My face is shaking,
Knees are breaking,
swallow this and for once Im mistaken
The rules Ive been breaking, make you sick but
Oh, I dont know why. Oh, I don't know why.
My mind is in an oily state of screaming sin
And the moment I want to relax is when the shit kicks in, but
Oh, I dont know why. Oh, I don't know why.Now hes back again.
And now hes brought a friend.
And his friends brought a whole dark army.He said Im crazy, I know.
He said Im crazy, I know
All I can say is that the drugs dont work no more. (x3)He said I'm crazy, I know.
He said I'm crazy, I know.
All I can say is that the drugs don't work no..da da
(x8)Sick of talking.
Tick. Im tocking.
Down the street and Im sick
Of the talk of the trick thats every time we meet
and Im sick
Of the talk of the trick thats every time we meet
and Ohh ohh ohhHe said Im crazy, I know.
He said Im crazy, I know
All I can say is that the drugs dont work no more.
(x3)He said Im crazy, I know.
He said Im crazy, I know
All I can say is that the drugs dont work no..Mooooore..
drugs don't work no

Mooooore...
