I went out on a date With a girl, a bit late
She had so many friends (Gliding through many hands)
I brought my pogo stick Just to show her a trick
She had so many friends (Gliding through many hands)

Unannounced twister games

All players with no names

They lined up double quick

But just one pogo stick

Everyone gets to play

Runaway, expose'

It was so exotic

But just one pogo stick

JUMP!
