

# Kevin's Song

## Down By Law

mohammad is a little boy  
growing up in a violent world  
heard the guns when he was five  
and above the smoke he saw the flag of israel unfurled  
so what is he to think  
and what is he to do?  
Who set the drumbeat that he's marching to?  
Now kevin he was just a lad  
his brother left never to return  
they said he joined the i.r.a.  
and then they shot him down -- now kevin burns  
so what is he to think?  
And what is he tot do?  
Who set the drumbeat that kevin's marching to?  
Cause gunfire means funeral pyres  
and then little boys pick up guns  
battles rage for blood and country  
and they always will -- yeah they always will  
until they're home  
now I am just an american boy  
only know what I see or read  
I see boys dying for a home  
dying for a chance to breathe like you and me  
so what are we to think?  
And what are we to do?  
Who set the drumbeat that they're marching to?  
Grab a gun, toy soldiers no home to call your own
