

Sister Fucker, Pt. 1

Eyehategod

Screw mommy; mommy screwed
Lick golden sky like rain
My sight sees stormweather
Weathered like woodPeer into glass yellowed
Curtains stained with smoke
Meloncholy crush
In love with hurt the rustBurn her
Burn her
Burn herRape
This ink is dripping
A certain somebody
Whatever these words
Stood for I've gottten over
We live down the road
Things were at their worst
