They Say

3t

First time I saw you
I knew inside
By the way you looked at me
I can make you mine
And it feels so good to be with a girl so unique
No matter what they say we've got all we need

I promise I will love you for life
And make your dreams come true every night
Girl you don't have to worry for as long as I'm alive
I will be there for you, I'll take care of you
Just trust in me, in time you'll see I'm right

They say we'll never make it
I say that it's is meant to be (I say that this is meant to be)
They say that we're mistaken
Why don't they just wait and see?
Tell me why why why why
They say our love is weak
Yet here we are growing strong
They say we'll never last
But I know we can prove them wrong

Baby baby baby won't you tell me why?
Why you listen to the words they say when you know they're lies?
They'll never understand what we have is true
So never let them get between me and you

I promise I will love you for life
And make your dreams come true every night
Girl you don't have to worry for as long as I'm alive
I will be there for you, I'll take care of you
Just trust in me, in time you'll see I'm right

They say we'll never make it
I say that it's is meant to be (I say that this is meant to be)
They say that we're mistaken
Why don't they just wait and see?
Tell me why why why why
They say our love is weak

Yet here we are growing strong
They say we'll never last
But I know we can prove them wrong

As long as we both believe (if we believe)
You and me
Nothing else will break us apart
Girl, open your eyes (open up your eyes)
Can't you see they're trying to take our love away
Just stay with me, in time you'll see that I'm right

They can say there's no way we will make it
They can say what they want, that I'm taken
Right away they know they're mistaken
They can say what they want we'll still make it

They say we'll never make it
(They can say there's no way we will make it)
I say that this is meant to be(I say that it's meant to be)
They say that we're mistaken
(they can say what they want, that I'm taken)
Why don't they just wait and see?
(Tell me why why why why)
They say our love is weak
(Right away they know they're mistaken)
Yet here we are growing strong(here we are growing strong)
They say we'll never last
(They can say what they want we'll still make it)
But I know we can proof them wrong

They say we'll never make it
I say that it's is meant to be
They say our love is weak
Yet here we are growing strong
They say we'll never last
But I know we can prove them wrong
