

Vitamin C

Clean Cut Kid

If the sun don't rise like it's supposed to.
Have you ever wondered why it won't let me get close to you.

I'm gonna be your vitamin C
build you back up the way you used to be.
If your life ain't happening how you planned it
I feel your pain, I can understand it.

I'm gonna be your vitamin C
If you get lonely you can just turn to me.
And it breaks my heart to see you cry
I know it's not enough to sing you a lullaby.
You're gonna find those wings to set you free.

I'm gonna be your vitamin C
I'm gonna be your vitamin C.
If I make you cry like the tings that see you
Then you need to know that I'll never need to lose you

I'm just trying to be all that I can be.
I'm gonna be your vitamin C
I'm gonna be your vitamin C.
And it breaks my heart to see you cry
I know it's not enough to sing you a lullaby.
You're gonna find those wings to set you free.

I'm gonna be your vitamin C
I'm gonna be your vitamin C.

...

I'm gonna keep you safe, keep you warm
I'm gonna be here, the vitamin C
Be the blood running through your veins
And it used to be you but now it's you and me.

No need to be,
need to be lonely.

I'm gonna keep you safe, keep you warm
I'm gonna be here, the vitamin C
Be the blood running through your veins
And it used to be you but now it's you and me.

No need to be,
need to be lonely.

Feel free to edit these as I have more than likely written it up wrong!
