This Flight Tonight

Iron Savior

Look out the left, the captain said
The lights down there, that's where you'll land
Saw a falling star burnin' high above the
Las Vegas sandIt wasn't the one that you gave to me
That night down south between the trailer
Not the early one that you wish upon
Not the northern one that's guiding the sailorsYou've got the touch, so gentle and sweet
But you've got that look so critical
Can't talk to you babe, you know I get so weak
Sometimes I think that love is just mythicalUp there's a heaven, down there's a town
Blackness everywhere and little lights shine
Blackness, blackness dragging me down
Come on light a candle in this heart of mineStarbright, starbright
You've got the loving that I like
Turn this crazy bird around
Should not have got on this flight tonightI'm drinking sweet champagne
Got the headphones up high
Can't numb you, can't drum you
Out of my mindThey're singing, goodbye baby, baby, bye, bye
Ooh, love is blindUp go the flaps, down go the wheels
Hope you got your heat turned on baby
Hope they finally fixed your automobile
Hope it's better when we meet again, babeStarbright, starbright
You've got the loving that I like
Turn this crazy bird around
Should not have got on this flight tonightShould not have got on this flight tonight
