

# Welcome to Jurassic Park

**John Williams**

Wen the Dr. Grant and Dr. Sattler  
arrive in Jurassic Park  
They don't believe whats come  
but so them go in a Jeep  
for an answer.  
And them see it  
An enormus dinousaur  
alive, awesome.  
so  
in that second  
the adventure of that team  
BEGINS.  
after that  
John Hammond says  
with a so happy face...  
..."Welcome to Jurassic Park"..  
But... what comes after all this?...
