

Rain

Bette Midler

Come on down, lightning
Come on down, thunder
Come on down, raindrops
Don't leave me to wonder
Life ain't worth lovin'
Love ain't worth havin' without you
Come on down, heartache
Come on down, pain
Come on down, teardrops
Fallin' like rain
Life ain't worth lovin'
Love ain't worth havin' without you
Come on down, hurtin'
That's for certain
Comin' down blind
Don't it feel like it's skirtin' And pourin' down rain
Forever more
Comin' down harder
Than ever before
Blow on in, North Wind
Blow in the cold
Losin' my senses
Losin' control
I need my baby so bad
I go crazy without you
Comin' down heavy
Comin' down light
Comin' down daytime
Comin' down all night
Need my baby so bad
I go crazy
Life ain't worth livin'
Love ain't worth havin' without you
Rainin' down rain
Pourin' down pain without you
