

Can't Cash My Checks

Jamey Johnson

Advisory - the following lyrics contain explicit language:

I'm up every morning
Before the sunshine comes rollin' in
When that rooster starts crowin'
And that reminds me I need to feed him And every day is the same
But every day is different
'Cause every day I grow
Deeper in debt And you can't cash my checks
And you can't feel this hunger
You can push me into the water
But you can't hold me under And you can bring me down
But you can't make me beg
You can take my word
But you can't cash my checks It's so hard to stay honest
In a world that's headed to hell
You can't make a good living these days
'Cause the truth just won't sell So if you go out my backdoor
Just over the hill
You'll see all these plants
That's been payin' my bills But you can't cash my checks
And you can't feel this hunger
You can push me into cold water
But you can't hold me under You can bring me down
But you can't make me beg
You can take my word
But you can't cash my checks You can bring me down
But you can't make me beg
You can take my word
But you can't cash my checks You can take my word
But you can't cash my checks
