Fly to the Rainbow

Therion

I don't live todayRain in the sky, made the world fly
Into time, back beyond time
Sun in the sky, made the world fly
Into time, back beyond timeRain in the sky, made the world fly
Into time, back beyond time
Sun in the sky, made the world fly
Into time, back beyond timeRain in the sky, made the world fly
Into time, back beyond time
Sun in the sky, made the world fly
Into time, back beyond timeWell, I lived in magic solitude
Of cloudy looking mountains
And a lake made out of crystal raindrops
Roamin' thru space, two thousand years ago
I've seen the city of Atlantis
Sinking into eternal darknessSomewhere in the blue distance
Are those long forgotten trees of yore
A broken violin floatin' alone in December
Darkness everywhere and nothing moreSymbol, strange melancholy
Painted torrid colors to a sky of green
Candle, breathing one night only
Far away, in chillness, bleak, unseenDrifting galley, ghostlike shadow
Set sail to catch and kill the time
Echoes wandering down an endless meadow
Search for a thing, sublimeFly, fly to the rainbow
Fly away, so far away
Fly, fly to the rainbow
Fly away, so far away
Fly, fly to the rainbow
Fly away, so far away
...
