

# Secret Weapon

Tinashe

Time for me to turn the lights down  
Night falls cover me in violent circles  
I'm finally down totally high  
All the way ready to just go  
You're finally here for the night  
So I'mma make sure that you know I'll make it so you never forget it  
I'm gone get when you least expect it  
Oh, you ain't going nowhere out there  
I'm gone hit you with my secret weapon oh  
Man down screaming in the hallway  
So loud  
Repin all night  
Victim of another love crime  
I'm keeping you mines totally hot  
All that you wish you had done  
You're finally here the past is behind  
Whoever speak on it begone I'll make it so you never forget it  
I'm gone get when you least expect it  
Oh, you ain't going nowhere out there  
I'm gone hit you with my secret weapon oh  
Bet you can't handle it  
Something in my mind tells me you can handle it  
Bet you can handle it  
But if your man enough you're gonna show your loving  
Like yeah, like yeah, yeah, like yeah
