

# I Thought I Had a Crush On You

Amy Rachman

I thought I had a crush on you  
And I thought you felt the attraction too  
But I soon discovered that I didn't impress you  
You will never be my lover and I'll never undress you

Maybe you feel, maybe you deny it  
Maybe it's real, and maybe your shy  
Or maybe I'm self conscious and I'm just assuming  
That I mess up, cause I forget, I'm just talking to a human

I though I had a crush on you  
Though I didn't want to  
Cause it makes no sense if it will never come true  
And I can't explain why I feel so elated  
But if you don't fell the same, it makes me so frustrated

Tell how I can feel so much heat  
And none of it comes from you when we meet  
You'll soon discover that there must be a reason  
Come on blow your cover, cause I can't take this teasing

I though I had a crush on you  
Though I didn't want to  
Cause it makes no sense if it will never come true  
And I can't explain why I feel so elated  
But if you don't fell the same it makes me so frustrated

When it comes to conversation do you not invest  
Cause your so afraid of what it might suggest  
Or maybe it's you who won't think of the words  
Cause your too afraid of what might be inferred  
Do you consciously not give me credit  
Cause your so damn repressed by the feelings you edit

I though I had a crush on you  
Though I didn't want to  
Cause it makes no sense if it will never come true  
And I can't explain why I feel so elated  
But if you don't fell the same it makes me so frustrated

I thought there was something adored  
But I don't anymore  
What am I trying to impress you for  
Its all too exhausting, though it isn't untrue  
that I thought I has a crush on you
