

Un Rayo de Luz

Rick Trevino

Cuando era nio de noche
El miedo se acercaba a m
Sombras de monstruos pintaban la pared
Y yo sin dormir Sabia que estaba en su cuarto
Y a su puerta me acerqu
sin hablar la llam
Y solo en silencio esperI was looking for the light
When it was on I knew everything was alright
Antes de tocar la puerta se abri
Su sonrisa me alumbr
Siempre entendi que ella en mi vida fue la luzAt nineteen I had all the answers
Thought I could make it on my own
As we were packing she said don't ever forget
This is always your homeSoon I found a one room apartment
Has monsters of its own
So sometimes I'd go out
and drive by that old houseBuscaba un rayo de luz
Para borrar el miedo de mi juventud
Before I could knock
she'd open that door
I'd look up and see her smile
She always knew
when I was looking for the lightEl miedo me envolvi
cuando tendida la vi
Sent que no me escuch
que voy a hacer sin tiAs I squeezed her hand
she opened her eyes
And smiled for me one last time
Que ella entendi cuando buscada yo
the light
