

# Dancing Alone

## Ours

Waking from his eyes, you searching  
He's just a child, we'll have to try I was just kidding all the time  
How can I have really died?  
And why am I dancing, dancing alone? We'll go out tonight, still searching  
For ways to get high and I've got mine  
I can't feel my hands, I can't feel my hands I was just kidding all the time  
How can I have really died?  
And why am I dancing, dancing alone?  
Time moves slowly through these walls Still it took years to find  
Lost in a world of our own we'll find  
With hope in our eyes that we find another world
