Give It To Me

Swv

I'm a type of girl with class but you never know what you can get
'Till you go and ask for it, I was shy but now I finally see
All you have to do is just ask for anything you want
It's yours, you get right to the point, if love is what you really need
Don't be shy, just say, "Boy, give it to me right now"
Give, give, give it to me, baby, baby, boy
I need you right now, give, give, give it to me
Honey, honey, give, give, give it to me, baby
Give it to me, give it to me
You feel real good deep inside my whole life
You're rubbing me inside me body, take me on a natural high
You love me the way I want you to and you know I like it
I like it when you touch my face, love me, oh, in a private place
You know you're all I really need, don't be shy with me, don't be shy
Give it to me, give, give, give it to me, baby, baby, boy
I need you right now, give, give, give it to me
Honey, honey, give, give, give it to me, baby
Give it to me, give it to me
I'll give to you babe 'cause I know you need it
And if you really want it, you'll be there to receive it
Believe it, when I say you need it like attention
Well, let me kick it, what I mean, is let me mention
The fact's not the fiction, it's sorta like addiction
But there's one thing missing and there is no prescription
From me, the maestro, direct to SWV
And I'll give it to you or you can give it to me
I like it when you touch my face, love me, oh, in a private place
You know, you're all I really need, don't be shy with me, don't be shy
Give it to me, give, give, give it to me, baby, baby, boy
I need you right now, give, give, give it to me
Honey, honey, give, give, give it to me, baby
Give it to me, give it to me
Give, give, give it to me, baby, baby, boy
I need you right now, give, give, give it to me
Honey, honey, give, give, give it to me, baby
Give it to me, give it to me
I need L O V E, by, you know just what I need
In the morning when I wake, you will see my smiling face
Come on, give me that sweet love, you're the one I'm dreaming of

You're the one I really need, give it to me
Give, give, give it to me, baby, baby, boy
I need you right now, give, give, give it to me
Honey, honey, give, give, give it to me, baby
Give it to me, give it to me
Give, give, give it to me, baby, baby, boy
I need you right now, give, give, give it to me
Honey, honey, give, give, give it to me, baby
Give it to me, give it to me
Give, give, give it to me, baby, baby, boy
I need you right now, give, give, give it to me
Honey, honey, give, give, give it to me, baby
Give it to me, give it to me
