Lonely Day

OTIS

Once, I was of the mind
to be like you.
Dead days.
Calling me the way I like her to.

Give it all away.
You know it's all
the same to you.

Make the plans to
leave the lonely day.
(Lonely day)

You bring me down,
recovering the only
thing I need.

When you come down,
you're looking like you
always do to me.

No one,
ever told me love
could cry like you.

These days.
Pass me by the way
I like them to.

Give it all away.
Get it all away to you.

Make your plans to leave
the lonely day.
(Lonely day)

You bring me down,
recovering the only thing
I need.

When you come down,
you're looking like you
always do to me.

You know I need it,
all the time.

Give it all away.
You know it's all the
same to you.

Make your plans to
leave the lonely day.
