As If You Said Nothing

Craig Armstrong

I was thinking what I'd say
For I found out when you left me
It's the something I think everyday
That I long for to tell the storyI was wondering my love
Our love is something special
Here I found you could stay
Today isn't the sameAs if you said nothing
Nothing at all
As if you said nothingAll the time you knew
I tried to be good
To do the right things
You can help me find my way[French speaking solo]As if you said nothing
Nothing at all
As if you said nothing
Nothing at all
As if you said nothing
Nothing at all
As if you said nothing
Nothing at all
As if you said nothing
Nothing at all
As if you said...
