

One Day At a Time

Shamel Shiloh

Through Christ I will shine!

A yo these dude be buggin let me preach it to ya shorty â€œ
keep you out the church â€œ away from the lord Ay
They play the field then try to trick with expensive things
Like jewelry from Jacob â€œ don dada watch the baby bling
donâ€™t wanna playa - shorty wanna real man
A Godly man reppinâ€™ Jesus trying to raise a fam
Open up ya eyes its time to get focused
Wild like John the Baptist, honey and the locust
Donâ€™t sell ya soul for piece of the sweet pie
You can play shy â€œ save the goods, for your husband guy
Dudes can get high, burn brain cells with fire
But God gotta plan for your life like Jeremiah
29:11 now thatâ€™s hope
look it up -get back- now tell me aint that dope
What dem cats really know bout Christ â€œ
It feels good to be saved, purified â€œ we can live the good life

Shamel gave his life
Now all he wanna do is live for Christ
One day at a time â€œ stay on the grind
Iâ€™m a get it shorty my time to shine

Letâ€™s do it real fly, real cool, just me and you
Serving the Lord no compromise on what we do
You know how we do â€œ churching every week
Fellowship with the peeps â€œ then we hit the streets
Iâ€™m on 95 north â€œ straight headed to the hood
Drop top and a track to tell you whatâ€™s really good
Iâ€™m living good no stress from the mess
Never settle for less we being blessed by the best
No more late night clubbing in a secular place
We headed for streets of gold- trying to seek his face
Man you tripping if you think that you balling with class
cash will not save from the day of the lordâ€™s wrath
My way- to your way -lets do it his way
And when we all pass- we cruise heavens highway
Accept Christ and we can all shine

Confessed our sins, repent, baby - upgrade your mind â€“ yo Iâ€™m focused

Shamel gave his life
Now all he wanna do is live for Christ
One day at a time â€“stay on the grind
Iâ€™m a get it shorty my time to shine

A yo Nicci â€“ weâ€™re killinâ€™ em with this one sis
Letâ€™s get it!

Repeat:

Lord keep my mind one day at a time
Stay on the grind my time to shine
