## Life In a Day

## **Simple Minds**

Ooh, life in a day
The price that you pay
For time that you've spent
It's such a fatal eventTake a look at your watch
There is no time to wait
Take a look deep inside
There's no escape from this dayLife in a day
Life in a day
Take a look around you
Is it true what they say?Life in a day
Ooh, life in a day
Is there no place to hide?

Could there be some other way? Can you see how they run?

Do you believe what they say?

They'll soon be looking for you

For sure they'll get you awayThe premonition came true

Look all around and you'll see

Some say it takes two to know

Or could it all just be meLife in a day

Life in a day

I love to see how they run

They came a running this wayLife in a day

Life in a day

No sense in looking for you

They're going to get you one dayLife in a day, life in a day Life in a day, life in a day
