

From A Distance

Bette Midler

From a distance
The world looks blue and green
And the snow capped mountains white
From a distance
The ocean meets the stream
And the eagle takes to flight
From a distance
There is harmony
And it echoes through the land
Its the voice of hope
Its the voice of peace
Its the voice of every man
From a distance
We all have enough
And no one is in need
And there are no guns, no bombs and no disease
No hungry mouths to feed
From a Distance
We are instruments
Marching in a common band
Playing songs of hope
Playing songs of peace
They are the songs of every man
God is watching us
God is watching us
God is watching us
From a distance
From a distance
You look like my friend
Even though we are at war
From a distance
I just cannot comprehend
What all this fightings for
From a distance
There is harmony
And it echoes through the land
And its the hope of hopes
Its the love of loves
Its the heart of every man
God is watching us
God is watching us
God is watching us
From a distance
God is watching us
God is watching us

God is watching us
From a distance
