

# From A Distance

Bette Midler

From a distance  
The world looks blue and green  
And the snow capped mountains white  
From a distance  
The ocean meets the stream  
And the eagle takes to flight  
From a distance  
There is harmony  
And it echoes through the land  
Its the voice of hope  
Its the voice of peace  
Its the voice of every man  
From a distance  
We all have enough  
And no one is in need  
And there are no guns, no bombs and no disease  
No hungry mouths to feed  
From a Distance  
We are instruments  
Marching in a common band  
Playing songs of hope  
Playing songs of peace  
They are the songs of every man  
God is watching us  
God is watching us  
God is watching us  
From a distance  
From a distance  
You look like my friend  
Even though we are at war  
From a distance  
I just cannot comprehend  
What all this fighting for  
From a distance  
There is harmony  
And it echoes through the land  
And its the hope of hopes  
Its the love of loves  
Its the heart of every man  
God is watching us  
God is watching us  
God is watching us  
From a distance  
God is watching us  
God is watching us

God is watching us  
From a distance
