

# I Feel Like Buddy Holly

Alvin Stardust

I watched the planes come in  
on the early morning flights But I could not stand to see them land without you.  
Now I'm thumbing through my fortyfives on another endless night And the same old lines  
going back in time Tell me this is nothing new. Well  
I feel like Buddy Holly 'cause it's Raining In My Heart All the sad songs take me back to you now that we are  
apart.

Now I know how Paul McCartney felt when he got up to say:  
I wish it was Yesterday. So I sit here playing Solitaire  
it's a game I know so well Ever since that day when you called to say: It's over.  
Now I've made my reservation at the Heartbreak Hotel While I'm living without you I'm thinking about you  
like Only The Lonely do.

Well

I feel like Buddy Holly 'cause it's Raining In My Heart

...

Now I know what Paul Simon meant by the words he found:  
I wish I was Homeward Bound.

Well

I feel like Buddy Holly 'cause it's Raining In My Heart

...

Now I know how Paul McCartney felt when he got up to say: ...  
I wish it was Yesterday  
I wish it was Yesterday.
