

Maybe I'm a Leo (2012 Remastered Version)

Deep Purple

Peeping 'round the door I got a big surprise
Couldn't see a thing but open skies
They've taken her away, where is she now? Wish that she was here, I wish she'd hold my hand
Maybe she would laugh, maybe understand
Why was I so cruel, where is she now? Acting like a fool I had to make her cry
Maybe I'm a Leo but I ain't a lion
I'm hurting oh so bad, I want her now
