

Inside

Fear of Men

I know you've been waiting along
For whatever, you think that I'm young
I can't help you with yourself
I know you've been waiting along
For whatever, you think that I'm young
I can't help you with yourself
I can't help you with yourself I can't fasten off at night
The fear of falling at your feet
I can't help your misery
(You want everything everything)
(I can't help you with everything)
(How can I show you all my love, spend a lifetime)
(When I land will explain)
(You say it's all for the love)
You are happy in my eyes
When you're left a burning leaf
You're a dream that I don't need
You're a dream that I don't need (You want everything everything)
(You want everything everything)
(How can I show you all my love, spend a lifetime)
(When I land will explain)
(You say it's all for the love)
And now I'm overtired
Although I sleep all night
And now I'm overtired
Darkness stays inside my head
And now I'm overtired
Although I sleep all night
And now I'm overtired
Darkness stays inside my head (You want everything everything)
(You want everything everything)
(How can I show you all my love, spend a lifetime)
(When I land will explain)

(You say it's all for the love)
