

Happy

Secrets In Stereo

I wanna be
next to you
and watch you while you sleep holding you
lost inside
every breath you breathe i don't wanna live a day without you
i just wanna be the one that makes you happy, happy
i don't wanna live a day without you
i just wanna be the one that makes you happy, happy one minute more
a thousand years
it's all the same to me because i'm incomplete
and i need you more
with every breath i breathe i don't wanna live a day without you
i just wanna be the one that makes you happy, happy
i don't wanna live a day without you
i just wanna be the one that makes you happy, happy i try to let you know
but my words get tangled up
and every time i find that i'm
outside looking in can't let this moment go
when you're the only one
that makes me feel the way i feel inside lately i'm falling for you
lately i'm falling for you i don't wanna live a day without you
i just wanna be the one that makes you happy, happy
i don't wanna live a day without you
i just wanna be the one that makes you happy, happy
