Worried About

Lissie

I'm too worried 'bout what you're doing
Are you worried 'bout what I'm doing too
What ya doin' to me
Why can't you see
I'm too worried 'bout what you're doing
Are you worried 'bout what I'm doing too
What ya doing to me
Wanna be free

And who could blame you
I made it so complicated
If I just drain you
'Til working it out
It'ss over rated
But why are we so blind to see
That truth and love
They could overcome
Come, come, come, come

I'm too worried 'bout what you're doing
You're not worried 'bout what I'm doing too
What you're doing to me
Wanna be free
I'm too worried 'bout what you're doin' doin'
You're not worried 'bout what I'm doing too
What you're doing to me
Why can't you see?

That I can't change you
Nor was that my intention
Please explain
Your earnest words
Are just shucking and jiving
You like to see your thumb on me
Just checking in
To make it begin again
'Gain 'gain 'gain and gain 'gain 'gain and again
'Gain 'gain 'gain and gain 'gain 'gain and again

And for the last four years of my life I've thought about you pretty much

Every fifteen seconds
Last four years of my life I've thought about you pretty much
Every fifteen seconds
Last four years of my life I've thought about you
What are you thinkin' what you reckon?
Last four years of my life I've thought about you pretty much
Every fifteen seconds
Last four years of my life
Last four years of my life
Last four years of my life
Pretty much every fifteen seconds

Oh my heart, my heart's gonna break again
Oh my god my god won't forsake again
Oh mercy I want to be taken in
Oh mercy
Oh my heart, my heart's gonna break again
Oh my god my god won't forsake again
Oh mercy I want to be taken in
Oh

I'm too worried 'bout what you're doing
You're not worried about what I'm doing too
What you're doing to me
Honey why can't you see
I'll stop worrying 'bout what you're doin' doin'
Cause you're not worried bout what I'm doing too
And then you will see
What it was like to be me

Oh my heart, my heart's gonna break again
Oh my god my god won't forsake again
Oh mercy I want to be taken in
Oh mercy
Oh my heart, my heart's gonna break again
Oh my god my god won't forsake again
Oh mercy I want to be taken in
Taken in
