

Your Song

Brian Mcknight

Whenever we're alone I get beside myself
Can't wait till you get home
It's you and no one else When I look into your eyes I see
This is more than just a dream
And everyday it grows And I know
To be this is what's meant
The way I feel for you
There's no need to pretend Just sorry it took so long
Well baby h-h-h-here's your song I live for your laughter
Your happiness is all I'm after
Every time you go away
You take a little piece of me with you I long to see the sunlight on your face
And you know
You're the only thing in my life I can't replace When it feel this right it can't be wrong
Just sorry it took so long
Well baby, here's your song, here's your song It might be hard for you to sing along
Well baby here's your song
