

Communion: Only in Your Love

Ateneo Chamber Singers & Musica Chiesa

Only in your love
(Ateneo Chamber Singers and Musica Chiesa)

Everywhere I turn
You are there to guide me
I could never lose you if I tried
All that I would ever need
All throughout my life
Is knowing that I have you by my side

Chorus:
Only in your love have I found my happiness
Only in your love have I found my way
Through everything I have doubted
There's one thing I'm certain of
I have found life's meaning only in your love

You alone can see me for everything I am
In everything that I may say or do
You know my imperfections, weakness and flaws
Yet you remain ever faithful and true
(Repeat Chorus)

You are all I live for the song my heart will sing
You alone are my beacon and my home
Forevermore I'll be grateful for all you've given me
A life of joy is what I've always known
(Repeat Chorus)

I have found life's meaning only in your love
(oooooh ooooooh oooooh)
