Tell My Pa

Joshua James

Come on love, come on drugs
I need the help, pick me up
I'm feeling low, the alcohol
Is wearing offThe cocaine wore a hole inside
My bitter soul, my foolish pride
Call my pa, tell you saw me
Hangin' hereThe blood it stains, the carpet well
You ran and told, somebody else
But now it's gone, the need I felt
The cocaine drug, inside my headPlease leave me hangin' here
Please leave me hangin' here
Please leave me hangin' here
Please leave me hangin' hereCome on love, come on drugs
I need the help, pick me up
I'm feeling low, the alcohol
Is wearing offThe blood it stains, the carpet well
You ran and told, somebody else
But now its gone, the need I felt
The cocaine drug, inside my headPlease leave me hangin' here
Please leave me hangin' here
Please leave me hangin' here
Please leave me hangin' hereCome on love, come on drugs
I need the help, pick me up
I'm feeling low, the alcohol
Is wearing off
