

# I Can't Let You Go (Push Full Vocalised Remix)

[Ian Van Dahl](#)

Since you're gone  
Everything looks so empty  
Without you  
Nights are so cold Can you tell  
Tell me how to convince you  
Please come back  
I won't let you down I won't let you down I can't let you go  
Why can't you stay  
I still wonder why  
I can't let you go  
Why can't you stay  
Give it one more try  
I can't let you go I can't let you go And I hope  
One day you will forgive me  
If I could  
I would turn back time Don't you know  
That I'm thinking about you  
If you knew  
Would you change your mind Would you change your mind I can't let you go  
Why can't you stay  
I still wonder why  
I can't let you go  
Why can't you stay  
Give it one more try I can't let you go I can't let you go
