

Work Hard (East End Remix)

Depeche Mode

You've got to work hard, you've got to work hard
If you want anything at all
You've got to work hard, you've got to work hard
If you want anything at all Nothing comes easy and that's a fact
Nothing comes easy but a broken back You've got to work hard, you've got to work hard
You've got to work hard, you've got to work hard
You've got to work hard, you've got to work hard
You've got to work hard, you've got to work hard You've got to work hard, you've got to work hard
If you want anything at all
You've got to work hard, you've got to work hard
If you want anything at all Nothing comes easy, it never will
Nothing comes easy but a broken will You've got to work hard, you've got to work hard
You've got to work hard, you've got to work hard
You've got to work hard, you've got to work hard
You've got to work hard, you've got to work hard You've got to work hard, you've got to work hard
If you want anything at all
You've got to work hard, you've got to work hard
If you want anything at all You've got to work hard
You've got to work hard
You've got to work hard
So work hard You've got to work hard
You've got to work hard
You've got to work hard
So work hard You've got to work hard
You've got to work hard
You've got to work hard
So work hard
