

Kix

The Real Tuesday Weld

All around the world you go
All around the world you go
All around the world you go
The more you go
The less you know, hey baby

You'll never stand a chanceAll you're lookin' for is somebody to feed you

All you're lookin' for is something is the air
All you're gettin' are some trash to breathe
The more you leave

The more we love you, baby

Why should you stand a chance?All that you love

All that you need
You came in for kix
All that you love
All that you need

You came here for kixYou're a super accident

You're a major accident
Everybody's tryin' to pay the rent
- "Out she went!"

It's heaven sent, hey baby

You'll never understandAll that you love

All that you need
You came in for kix
You're workin' so hard
On your demand

It's all about kixIt's not that funny, is it?

It's not that funny, is it?
It's not that funny...funny...All that you love

All that you need
You came in for kix
You're workin' so hard
On your demand

It's all about kixAll that you love

All that you dig
You came in for kix
It's all in your head
It's all in your blood
It's all about kix
