Baby Love

Pebbles

Ooh yeah, oh
Ooh, ooh, baby loveYesterday seems so very far away
Tell me boy, where has it gone?
All you other babes try and take your love away
I just heard them say, he's mineThen I just call my baby love
He's the one I'm thinkin' of
There's no one else above
My baby love, my baby loveI remember when things were so simple then
It was you and I and a blazing new time
Although other guys try and turn my eyes
I just look at them and say, I don't mind, my mindI just call my baby love
He's the one I'm thinkin' of
And I've placed no one else above
Above my baby love, my baby loveMy baby love
He's the one I'm thinkin' of
There's no one else above
My baby love, my baby loveYeah baby, baby love
He's the one I'm thinkin' of
And I've placed no one else above
Above my baby love, my baby love loveMy baby love
He's the one I'm thinkin' of
Placed no one else above
My baby love, my baby loveBaby love
He's the one I'm thinkin' of
Placed no one else above
My baby love
