Flaggin A Ride

Divine Fits

I know you see me, Im just like you
I know you see me, im just like you
Im just trying to make my wayI gotta feelin that you can relate
And dont talk much, shoot straightCant you see me wavin Im flaggin a ride
Cant you see me wavin Im flaggin a rideMaybe you been caught out once before
Maybe youre an angel disguised
Maybe you got room to spare
Maybe youre the one that dont just stareCant you see me wavin Im flaggin a ride
Glad to see you comin I got nothing to hide
Cos Im tryin to get to providence
not matter the cost
If I dont make it there
Ill....Cant you see me wavin Im flaggin a ride
Cant you see me wavin Im flaggin a rideMaybe youve been caught out once before
Trying to get to Providence
I know what for
But Im out in the cold
