

# Hindsight

## Scrupulous

Life is so precious, youve gotta respect the time you have  
So now Im wishing upon a shooting star tonight,  
hoping and praying that youll bathe in love and light  
Oh my friend youve reached the end I cant pretend  
that I know whether or not you and I will meet again  
So now Im wishing upon a shooting star tonight,  
hoping and praying that youll be alright!So long my friend your road has just ended  
and I wish that I could just see you again!To leave makes us sore  
Dont regret a moment that we wrote  
It fills my mold, to find you in my better sightBut it goes!  
The river flows  
Into the unknown  
LetheAnd where we go now  
Nobody knows  
But we are free to roam  
Down this endless roadAnd where we go now,  
The future is unknown  
Roaming down this endless road,  
On our return home
