

With Me

Lonestar

Sometimes I feel just like a fly in a soup bowl
Sometimes I feel like I'm on top of the heap
Sometimes I feel like I'm the king of the castle
Sometimes I feel like just a bump on the street

I got my highs and lows
Some days it's touch and go
But baby, this I know

[Chorus]

When you're with me
I feel like singing
It's like I'm swinging the whole planet
On the end of my chain
Oh, when you kiss me
My head starts spinnin'
It's like you're sending the adrenaline
Straight to my brain
And it feels right as rain
All my worries wash away
When you're with me

You are a lazy summer day on a porch swing
You are a night runnin' wild on the town
My red Ferrari racin' me down a back street
My pick-me-up when I'm a little bit down

No matter where I go
Whatever dice I roll
Baby, this I know

When you're with me
I feel like singing
It's like I'm swinging the whole planet
On the end of my chain
Oh, when you kiss me
My head starts spinnin'
It's like you're sending the adrenaline
Straight to my brain
And it feels right as rain

All my worries wash away
When you're with me

When you're with me

I got my highs and lows
No matter where I go
Oh baby, this I know

When you're with me
I feel like singing
It's like I'm swinging the whole planet
On the end of my chain
Oh, when you kiss me
My head starts spinnin'
It's like you're sending the adrenaline
Straight to my brain
And it feels right as rain
All my worries wash away
All when you're with me

Oh yeah,
When you're with me

When you're with me
I feel like singing
My head starts spinnin'
It feels right as rain

When you're with me
