Don't Leave

Vanessa Hudgens

I don't know what I do If I ever lost you
And all the loneliness I will go through
But if you wanna leave I won't stop youI've been gone so long I'm used to feeling alone
I estimated our love, my estimation was wrong
See I never knew what you were going through
But I just got back now I see where you're atHow could you doubted that I'll ever get distracted by
Any other guy no matter if he ever caught my eye?
We just need time, some time to connect
What I'm telling you now hope you never forget, yeahI don't know what I do if I ever lost you
And all the loneliness I will go through
But if you wanna leave I won't stop you'Coz I don't want you if you don't want me
To be the one, the only one you wanna run to
Baby boy, you know I just began to
Realize what's important to me so don't leave, don't leaveMaybe I should have tried to put your needs first
But my priorities were messed up and I know you got hurt
See I never knew what you were going through
But I just got back now I see where you're atThink about it, think a moment just who you want
Everything that you believe and everything that was right
Do you really wanna stand there and tell me goodbye?
When I'm saying I still love youI don't know what I do if I ever lost you
And all the loneliness I will go through
But if you wanna leave I won't stop you'Coz I don't want you if you don't want me
To be the one, the only one you wanna run to
Baby boy, you know I just began to
Realize what's important to me so don't leave, don't leaveLonely days and lonely nights
That's where you be with out me by your side
Better think twice, baby oh
This could blow up crazy you knowI keep sinking, I'm sinking 'coz it's out of control
I give you everything body, mind, heart and soul
But you keep breaking me, taking me to another low
Don't do it, baby, don't do it, don't let me go
I don't know, I don't knowI don't know what I do if I ever lost you
And all the loneliness I will go through
But if you wanna leave I won't stop you'Coz I don't want you if you don't want me
To be the one, the only one you wanna run to
Baby boy, you know I just began to
Realize what's important to me so don't leave, don't leave
Baby boy don't leave me
