Come On Home

Franz Ferdinand

Although my lover lives in a place that I can't live
I kind of find I like a life this lonely
It rips and pierces me in places I can't see
I love the rip of nerves, the rip that wakes me
So I'm dissatisfied, I love to satisfy
I love to feel as though there's more that I needSo come on home
So come on home
So come on home, homeYou're where you want to be, I'm where I want to be
Come on we're chasing everything we've ever wanted
Replace you easily, replace pathetically
I flirt with every flighty thing that falls my way
But how I needed you when I needed you
Let's not forget we are so strong, so bloody strongCome on home
So come on home
So come on home, homeBlue light falls upon your perfect skin
Falls and you draw back again
Falls and this is how I fell
And I cannot forget and I cannot forgetCome on home
So come on home
But don't forget to leave
