Silent People

The Wannadies

I want to go where the silent people go
because I've been told
silence is gold
being without being heard, without a word
and I would nod
there's a god
and you - how about you
a whole new flavour
if you hear it, taste it
soon is not too soon
you can be a humble dreamboy too
I want to go where the silent people dream
about simple things
everyone's a king
being without being hurt - oh how absurd
if there's a god
he's in that world
and you - how about you
a whole new flavour
if you hear it, taste it
soon is not too soon
you can be a humble dreamboy too
and if you hear it maybe
you can go there too
you can be a humble dreamboy too
