

Lean On Me

Sparkle

Although we've been through our ups and downs, if we
believe and have faith, we can conquer anything. Baby I
know we could work this out. 1 - Lean on me and I'll lean on you. It is the only way for us
to make it through. Lean on me and I'll lean on you. It is the
only way for us to make it through. I know we've been through some hard times, boy, and it
didn't seem like we were gonna make it. So many things
has changed between us two. Though we fuss and fight
with one another, we're so afraid to lose each other. (Repeat 1) I know that we can conquer anything, if we put
our hearts
together. We can make it. Don't let our friends come
between this ring. And don't let what we have worked so
hard for, be in vain. (Repeat 1) All of those years, all the years we made, say they count for
something, babe. How we used to trust. When it came to
one of us, neither wants to leave. Now there's such a
mystery. So whenever you need, you can lean on me.
