

I Need You Bad

Randy Meisner

R.Meisner, W. Waldman, and E. Kaz
I was caught in the shadows of another love
And chained to the memory of my deep dark past
Life has no meaning when you're feeling sad
Oh baby, I need you bad
You'll never believe me, but I swear it's true
I was alone 'til I met you
You've given me something that I never had
Oh baby, I need you bad
The years were so lonely
Living without you
Now I've got you here in my life
Can't make it without you
Our love is so right
Don't leave me alone tonight
