

Cosmic

Kylie Minogue

I wanted to write a song called Cosmic
I wanted to get a view of the earth
I wanted to be your lonesome cowboy
I wanted to love you til it hurt I wanted the right to misbehave
To satiate my crave I put these things aside for years
Til laughter took the place of tears
Its like I was asleep
You know Im here, Im here I wanted to take your place just sometimes
To know the things you know and why you did the things you do
To say no one time and believe it
Oh, I wanted so much but only needed you Wasnt it just my choice to make
The bed in which I lay? I put these things aside for years
Til laughter took the place of tears
Its like I was asleep
Yet now Im here, Im here I wanted to be able to talk without the interruption
I wanted to sing exotic words
I wanted to find a way to put an end to part of my destruction
I wanted to know what I was worth And wasnt it just my choice to make
The bed in which I lay? I put these things aside for years
Til laughter took the place of tears
Its like I was asleep
Yet now Im here
(And its cosmic)
Im here, Im here
(And its cosmic)
