Cosmic

Kylie Minogue

I wanted to write a song called Cosmic
I wanted to get a view of the earth
I wanted to be your lonesome cowboy
I wanted to love you til it hurtI wanted the right to misbehave
To satiate my craveI put these things aside for years
Til laughter took the place of tears
Its like I was asleep

You know Im here, Im hereI wanted to take your place just sometimes
To know the things you know and why you did the things you do
To say no one time and believe it

Oh, I wanted so much but only needed youWasnt it just my choice to make The bed in which I lay?I put these things aside for years

Til laughter took the place of tears Its like I was asleep

Yet now Im here, Im hereI wanted to be able to talk without the interruption I wanted to sing exotic words

I wanted to find a way to put an end to part of my destruction
I wanted to know what I was worthAnd wasnt it just my choice to make
The bed in which I lay?I put these things aside for years

Til laughter took the place of tears

Its like I was asleep Yet now Im here (And its cosmic) Im here, Im here (And its cosmic)
