

Sub Balloon

Remy Zero

The lights distilled as it goes hand from hand tonight

'Cause you and I not supposed to be here at all

Is the world ashamed, the still commands my body to remain

Forever steeped in alcohol and flames, forever I'm your shame
Star wound, so look up, you're always lookin'
down

The time will show the cracks I know, will lay my heart to waste

'Cause I know where you want to be and this is not that place
It goes on and on and on and on and on and on and
on
With a word, the Earth is moved from us, damaged deep inside

'Cause everything I gave to you, everything you hide

With the star, the light, the heat, your car simply falls away

'Cause I know how you need to be and this is not that place
I can [Incomprehensible]

I can [Incomprehensible]

[Incomprehensible]

(It goes on and on and on and on)

[Incomprehensible] It goes on and on and on and on

It goes on and on and on and on

It goes on and on and on and on

(So look on)

It goes on and on and on and on

(So look on)
