Fascination Street

Stavesacre

It's opening time down on Fascination Street
So let's cut the conversation and get out for a bit
'Cause I feel it all fading and paling and I'm begging to
Drag you down and kick the last nail inI like you in that, like I like you to scream
And if you open your mouth I cannot be responsible
For quite what comes in or to care what comes out
So put on your head and put on your poutAnd let's move to the beat like we know that it's over
If you slip going under, slip over my shoulder
Put on your face and put on your fear and let's hit opening time
Down on Fascination StreetKick the last nail in, drag you down with me
Kick the last nail in, drag you downJust put on your face and put on your pout
And cut the conversation just open your mouth
Put on your face and put on your feet
And let's hit opening time down on Fascination StreetDown on Fascination Street
Down on Fascination Street
Down on Fascination Street
