

Josephine

The Wallflowers

I feel pretty good
I feel all right
And I've been thinkin' maybe
I could spend the night
I know you've been sad
I know I've been bad
But if you'd let me
I'd make you ribbons from a paper bag
Josephine, you're so good to me
And I know it ain't easy
Josephine, you're so sweet
You must taste just like sugar and tangerines
I won't make a sound
Sleep on the ground
When you wake I will
Drive you into town
I missed your smile
Your schoolgirl style
But I never had much fun
And maybe the very first mile

Josephine, you're so good to me
And I know it ain't easy
Josephine, you're so sweet
You must taste just like sugar and tangerines
Don't you know, I watched you
Walkin' home from school?
Your friends on the old playgrounds
You never looked so down
Won't you come and help me
With these cuts of mine?
I've disconnected my heart
And cut myself on the wires, Josephine
And I know I was wrong
I knew all along
But I got so far from my home
I never thought I'd be so lonesome
Josephine, you're so good to me
And I know it ain't easy

Josephine, you're so sweet
You must taste just like sugar and tangerines
